Description

I am Amirabbas Haghgoo, a Front-End Developer specializing in responsive and SEO-optimized user interface design. I have strong proficiency in HTML5, CSS3, Bootstrap, and JavaScript, with the ability to implement modern, mobile-friendly user interfaces.

My portfolio is available on my GitHub profile and showcases my projects. I am ready to take on new projects with great attention to detail.

With high motivation, a continuous learning mindset, and a passion for technology, I am eager to collaborate with dynamic and forward-thinking teams.
